SUSTAINED THE DEMURRER

CITY WINS A SUBSTANTIAL VICTORY IN A DAMAGE CASE.

Law's Peculiar Theory as to Rough and Smooth Ice-One Case Thrown Out of Court and a \$500 Verdict in Another.

The law makes a very peculiar but decided distinction between rough and smooth ice on city sidewalks. It says that the city is not liable for damages for injuries sustained by persons falling on slippery sidewalks if the ice is smooth. That is the city is not obliged to keep the ice and snow off the walks. Ice and snow are natural and necessary and unavoidable. but woe betide the city if it falls to keep the ice smooth. It is all right to maintain an inclined skating rink, but if the ice gets rough the city will have to suffer.

This peculiar theory worked both ways Elizabeth A. Shreve was given a verdict for \$500 for falling on rough ice at Thir-

for \$560 for falling on rough ice at Thirteenth and McGee streets last February. If she had only chosen a smooth pleec of walk, she might have received nothing, for soon after the verdict was given in court Judge Slover sustained a demurrer to the evidence in the case of Mrs. Mary Haflain, who fell on a smooth walk near the corner of Independence and Forest avenues. Her damage suit was thrown out of court and First Assistant City Counselor Jones was elated over his victory.

Mr. Jones is kept so busy these days that Second Assistant City Counselor S. S. Winn was compelled to handle the old damage case of Rebecca A. Landmon against the city for \$3.090 damages caused by the construction of the Vine street electric line eight years ago. Mrs. Landmon claims that her property was damaged by the water which the construction of an embankment caused to flow upon it. The suit is eight years old, but for some reason has never been brought to trial until now. It was on trial all day yesterday in Judge Scarritt's court.

GOSLIN CASE TO BE RETRIED. Eleven Men in Favor of Breaking the Will, but One Obdurate Juror

Hangs the Jury. The jury which spent all of last week saring evidence in the suit brought by William Wood to break the will of his aunt, Miss Betsy Goslin, was discharged yesterday, being unable to reach an agree ment. The jury stood 11 to 1 in favor of breaking the will and the solitary juror who was in favor of sustaining the will

who was in favor of sustaining the will refused to accept the opinion of the overwhelming majority.

Miss Golsin was an eccentric spinster who lived for many years on the comer of Eighteenth and Cherry streets. She came to this city from Boston, where she had worked as a domestic. She invested her savings in property and when she died she owned four houses. She was fatally burned something over a year ago in an explosion which occurred at the house in which she lived at the time.

Her nephew, William Wood, and his wife cared for her during her illness and were astonished to find that her will cut the nephew off with \$1, while all her property was left to other nephews in the East. Wood brought suit to set aside the will on the ground that his aunt was of unsound mind. The case was vigorously contested and a great deal of evidence was brought out to show the eccentric habits and character of Miss Goslin. It was proved that she wore heavy black clothing summer and winter; that she picked up old shoes in the streets; that she placed her property in the hands of rental agents and took it away from them for no apparent reason. Wood was represented by J. V. C. Karnes, while the Eastern heirs were represented by H. S. Hadley and Frank H. Dexter. The case will be retried some time during the present term of court.

Damage Suit Settled.

The suit of John F. Gabel against Kan-The suit of John F. Gabel against Kansas City to recover \$2,000 damages for injuries received from a defective sidewalk on the Southwest boulevard was compromised yesterday and will be stricken off from the docket to-day. Mr. Gabel further injured a crippled leg by the accident, and asked enough to get the case in the federal court. The sum he received in settlement was not given.

C. W. Corel brought suit yesterday for \$2,500 damages against the Air Line for injuries received in a collision between an Air Line and a Pittsburg & Gulf train. Court Briefs.

Ada J. Lebert wants a divorce from Hector Lebert on statutory grounds, and Grace Reed says William Reed is a habit-ual drunkard and a vagrant within the meaning of the law. Walter Short is suing the packing firm of Swift & Co, for \$25,000 for injuries sustained to his head by a defective piece of machinery. The case is on trial in the federal court.

W. H. Roe, of Charles City, Ia., who was taken in custody by the police last Friday night on the strength of a telegram charging him with the embezzlement of 108 from the Singer Manufacturing Company, and has been held since then on a fugitive from justice warrant, was arraigned before Justice Walls yesterday. He was remanded until Saturday.

HOT SAND AND CAMEL MILK.

WILL BE THE FEATURES OF ARA-RAT TEMPLE'S ANNUAL SESSION.

Forty Novices Will Tread the Flery Path and 400 Shriners Will Sit Down to an Elegant Ranquet To-morrow Night.

The crescent and the fez wll be much in evidence at Shrine hall and the Coates House to-morrow afternoon and night. Hot sands and two score novices to cross them, camel's milk and twenty score of seasoned Shriners to drink it at the end of the pathway that leads through Tophet and Sahara-that is the outline of the programme which has been prepared for the annual session of Ararat temple, Ancient Arabic Order Nobles of the Mystic Shrine, which will convene to-morrow afternoon at Shrine hall, corner of Ninth and Central streets. The degrees will be conferred upon nearly forty novices by Ethelbert F. Allen, who is next in line for the office of imperial potentate of the Shriners of North America. He will be formally elected at Dallas next year.

If the people living in the vicinity of Shrine hall hear a succession of muffled

If the people living in the vicinity of Shrine hall hear a succession of muffled and terrifying sounds, if they hear shrieks as of mortal terror, then "dull sickening thuds," and lastly utter silence, they are forewarned that it is all right. It is only some ambitious and persistent novice getting his feet bilistered crossing the hot sands of the desert.

Then will come the oasis, the softly waving palms, the rippling streams of water and the bursting goat skins of lusclous camel's milk. All this will take place at the Coates House in the evening. It is expected that 400 Shriners will sit down to the banquet at 10 o'clock, after the election of officers has taken place and all the business of the annual session has been transacted.

The annual Shrine banquet is a famous occasion, but the session of 187 bids fair to surpass all former events. Imperial Potentate A. B. McGaffey, of Denver, will be the guest of honor and he will respond to the toast, "The Imperial Council." The address of welcome will be delivered by Illustrious Potentate Thomas R. Morrow, of Ararat temple. John H. Atwood, the brilliant young orator, of Leavenworth, Kas., will respond to the toast, "The Star and Crescent." W. H. Mayo, of St. Louis, will speak to "Aims and Ends of the Shrine." Ex-Congressman C. G. Burton. of Nevada, will speak to "The Camel and the Fez." Rev. Dr. W. P. George will respond to a toast and one of the victims of the previous ceremonles will respond to the toast, "The Novices."

The annual dinner of the Kansas City Pypothetae will be given December 11 at the Midland. Guests will be present from l'opeka, Lawrence, Leavenworth, Atchison Kansas City, Kas., St. Joseph, Independence and Des Moines. At the national meeting of that organization at Nashville last October it was decided to have all branches hold their annual dinner on Franklin's birthday, in January, but the rule will not be observed at Kansas City this year, as several of the members are to be away at that time. It was also deemed wise that branches organized near cities where there were eligible members should ask them to affiliate with the organization. The Kansas City branch, in carrying out this idea, has invited the men who are eligible in neighboring cities to come here and share their hospitality at the banquet, and most of the invited guests have accepted. It is expected that fifty or sixty people will have seats at the table. neeting of that organization at Nashville

EIGHT YEAR GUARANTEE.

First Paving Contract With a Guaranty of More Than Five Years.

The city engineer's office yesterday awarded the contract for the paving with asphalt of Summit avenue from Sixteenth street to Belleview avenue to the Gilsonite Paving Company, its bid being \$2,992. In one respect this contract is an innovation, it being the first ever awarded in this city in which an eight year guarantee was given, the custom in the past being to exact only a five year guarantee.

The contract for the paving of Forest avenue from Twenty-seventh street to Thirty-first with asphalt was let to the Parker-Washington company. A five year guarantee was exacted and the contract price was \$18,000. Other sidewalk and guttering contracts of minor importance were awarded.
